

Basic Information on the Annual Conference 2020

The 79th Annual Conference of Japanese Educational Research Association
August 24-28, 2020

Join our 79th Annual conference

The 79th Annual Conference of Japanese Educational Research Association will be held from August 24 to 28, 2020, Japan.

The Japanese Educational Research Association is one of the biggest associations in Japan that covers all areas of study in education. We hoped our 79th Annual Conference would go ahead as planned, but it has to be held online because of continuing uncertainties arising from the effects of Covid-19 pandemic.

Please visit our website and check the detail; https://ssl.lhweb.jp/jera79/jp/p_form/

Although all other sessions and symposiums in our conference are held in Japanese, we have one session which will be held in English. We will publish the Summary Collection on this conference website. Any member of our association can send questions and comments to the author(s) about the summary by e-mail.
